**Subject:** Best kept Village Competition 2024

Dear clerk

Many thanks for entering the Competition 2024

The judges thought that Harby offered a good presentation. There are excellent community facilities, particularly sports facilities and these are all well-maintained. The sports pavilion and car park are clean and tidy, though the play ground sign is partially hidden. We thought that the information boards were full and detailed, with photographs of various buildings and indications of where the buildings are in the village. New benches in the centre of the village. The village hall was in a prominent position with a good car park. The Queen Eleanor sign is informative but the position is disappointing - rather obscured by overhanging branches of a nearby tree. The churchyard was disappointing. The grass was mown but not picked up leaving some paths covered. The lamppost was very dilapidated. The church was closed.
